

Fred Herring

Managing Director

Securities & Guaranteed Loan Markets

After receiving my Bachelor of Arts Degree from the University of Texas in 1986, I went to work for Kidder Peabody, Inc. on the floor of the Chicago Board of Trade. Here I spent more than 6 years on the CBOT involved in most aspects of trading and sales of fixed income futures products. Upon my return to Houston in 1992, my focus was in the energy business. A sense of calmness in a chaotic market environment along with developing numerous professional relationships- I feel that this has been the backbone of my working career.

These qualities, my past experience, and Coastal's strong market presence, enhance my goal to provide my clients with the best coverage possible.
