

John Saragusa

Managing Director
Fixed Income Securities

After receiving an education at the University of Texas in Austin, a native of Houston, I joined a large regional beverage distributor in 1981 and ultimately assumed the position of Executive Vice President.

I began my financial career in 1992 with Prudential Securities and worked as a Financial Advisor in fixed income prior to joining Coastal Securities, Inc. in 1994. A veteran in structured finance, I offer my expertise as a licensed government securities specialist to the institutional investor. In addition, I also participate as faculty in a variety of fixed income workshops.
