

Larry Davis

Managing Director

Securities & Guaranteed Loan Markets

Having been in the business since 1984 as a registered representative in the institutional securities industry, I have become extremely cognizant of the value of good safe investments for my clients. I am well aware of the fact that no two portfolios are the same. Each client has their own policies and investment parameters, and I help them fulfill their investment needs by combining my securities knowledge with my firm's exceptional analytical services and capabilities. This helps me help you find the right product at the right time and at the right price.

Each customer I serve, regardless of portfolio size, receives my full attention and best efforts. When I invest myself in serving you, I also invest in my future in the form of repeat business from satisfied customers.
