Securities & Guaranteed Loan Markets

I was born in Lima Peru and came to the United States in 1992 to run long distance for the University of Houston track team. I graduated in 1997 with a Bachelor of Science Degree in Economics and Finance and a minor in Spanish.

Since 2001, as a licensed securities broker my primary focus has been assisting institutional investors with their investment needs with the understanding that each client has specific needs relative to their own objectives and situations.

My number one goal is to build a long term relationship with every client by listening to their needs and providing a level of service and confidence that consistently exceeds their expectations.
